To Whom it May Concern:

Tank Jones and the Choices program have been a huge asset to the character education of the students in the Tolleson Union High School District. Their high energy concert and positive message left our students engaged and excited to learn more about the UKAN philosophy. Students walk away from the first program understanding personal accountability and goal setting.

We look forward to a continuing relationship with the Choices team and plan over the course of the next few years to enrich our students with the entire series in the Choices program. We also hope to begin using the supplemental resources that are available and reach out to our community through their neighborhood events.

Our Freshman Orientation is centered around the Choices message and we hope that they start the year knowing they 'KAN' reach their goals – with a little work and a great attitude.

Sincerely,

Jennifer Edens
